Full Marks: 45
Time: 3 Hours

Instructions: **Answer all the questions in your own words**

---

1. Critically evaluate how the use of persuasive strategies—such as logical structuring of arguments, data-driven storytelling, and audience adaptation—enhances the effectiveness of public speaking. Support your response with relevant examples to illustrate how these strategies influence audience engagement and message retention. (11 marks) CO5

2. Critique the impact of inefficient reading habits on comprehension and knowledge retention. Recommend and defend advanced techniques that learners can adopt to cultivate efficient and purpose-driven reading practices. (11 marks) CO6

3. Evaluate how planning, preparation, and rehearsal contribute to the success of a PowerPoint presentation. Based on your evaluation, propose a simple checklist that presenters could follow to enhance the impact of their presentations. (11.5 marks) CO8

4. Interpret the importance of key behavioural competencies, beyond technical skills, in achieving success during job interviews and enhancing long-term employability. Suggest and justify methods you would adopt to develop and effectively demonstrate these competencies in an interview. (11.5 marks) CO8

[Note: In your answers add examples to explain your points]
